

REMARKS

The applicant thanks the examiner for the telephone interview on March 13, 2006, in which claims 14, 59, 8, 9, 15, 35, 41, and 52, were discussed relative to certain references cited by the examiner. The examiner agreed that *Goldhor* does not disclose a command to “*change which voiced utterances . . . the device is capable of recognizing.*”

With respect to claim 41, the examiner agreed that *Torres* does not disclose manipulating “one other graphical item *separately from the cursor.*” With respect to the remaining claims discussed, the examiner agreed to reconsider the applicant’s arguments set forth in its Reply of August 22, 2005, or discussed during the interview.

Claim 59 has been amended as suggested by the examiner during the interview.

Claim 14 has been amended and is patentable for at least the same reasons as claim 59, as discussed during the interview.

Claim 41 has been amended as suggested by the interview.

Claims 6, 8, 9, 13, 15, 35, and 52 are patentable for at least the reasons stated in the applicant’s Reply of August 22, 2005.

All of the dependent claims are patentable for at least similar reasons as those for the claims on which they depend are patentable.

Canceled claims, if any, have been canceled without prejudice or disclaimer.

Any circumstance in which the applicant has (a) addressed certain comments of the examiner does not mean that the applicant concedes other comments of the examiner, (b) made arguments for the patentability of some claims does not mean that there are not other good reasons for patentability of those claims and other claims, or (c) amended or canceled a claim does not mean that the applicant concedes any of the examiner's positions with respect to that claim or other claims.

Enclosed is a \$120 check for the Petition for Extension of Time fee. Please apply any other charges or credits to deposit account 06-1050.
